Individual Presents

Unless you have chosen to buy a group present for our Young Carers Groups all presents should be suitable for individuals.

You can buy one present or a few smaller presents, but the gift should not total more than £15.

It is also important that the gift is suitable for the age of child or young person who have selected on donation form. The following is a guide of which presents are suitable for different age groups:

Group Gifts

If you have chosen to buy a group present for Young Carers Groups, the children will be aged 6–18 and the gift should be suitable to be enjoyed as a group, costing no more than £50. Suggestions include:

- Craft Materials
- Games and Puzzles
- Indoor Sports Equipment
- Dressing-up Costumes
- Story Books or Colouring Books

Things to Remember

1. Please leave your gift unwrapped. We need to check what is in each gift before we give it to a young person. If you wish, you can also donate wrapping paper to help us cut costs on this aspect of the appeal.

2. Please do not donate scissors, razors, or anything sharp. Also, please do not donate alcohol.

3. Don't forget to include your name and postal address on the gift. This means that we can thank you for your generosity and also let you know how your gift was received.
